

STRATEGIES FOR SUCCESS

ATEC advocates for a range of measures which support the sustainability and growth of our industry including:

Increase the Commonwealth government's commitment to **fund Tourism Australia** by at least \$100m

Continuing reforms to **streamline visa application processes** and the visitor experience including strategies to manage visa caseloads and exploring mechanisms to reduce processing times

EXPANDING
the Trusted Trader program to tourism

Enhance the visitor experience at airports

Commit to expansion of WiFi connectivity across Australia, particularly in key tourism hot-spots

Build both capacity and capability by establishing a **Growth Centre for Tourism** within the Department of Industry

Implement measures which allow for a **flexible and nimble tourism workforce**

Increase the Commonwealth government's commitment to the **Export Market Development Grant** scheme for tourism businesses entering new markets

Maintain the Commonwealth government's commitment to **Approved Destination Status**

Maintain Austrade's funding for 2019/20 at current levels & retain an independent Tourism Research Australia

Freeze the Passenger Movement Charge at current level of AUD\$60
